Mr M Fell-Crook

10 Victoria Road  
Prestatyn  
Denbighshire  
LL19 7SP

26 January 2007

Dear Mr Fell-Crook

Thank you for your generous gift of £410.00. It is so encouraging to know that you are continuing to support our work. Your donation will go towards research into the causes and development of cancer, and towards finding effective ways to detect, treat and prevent the disease.

Cancer Research UK supports the work of over 3,000 scientists, doctors and nurses and undertakes a comprehensive programme of research in institutes, hospitals and universities throughout Britain and Northern Ireland.

We are a European leader in anti-cancer drug development, funding the creation of new drugs all the way from initial concept to early clinical trials in patients. This ensures that new treatments reach patients as quickly as possible. Our scientists and doctors are also committed to finding the best ways to provide emotional and psychological support for cancer patients and their families.

If you would like further information regarding the work of Cancer Research UK, please do not hesitate to contact our Supporter Services Department by telephone on 020 7121 6699. We are always happy to be of assistance. Alternatively, there is extensive information about cancer, our research and ways to get involved on our website - [www.cancerresearchuk.org](http://www.cancerresearchuk.org)

Once again, please accept my warmest thanks for your continued support.

Yours sincerely

Hamish Gray  
**Senior Supporter Administration Executive**
