SAFETY RECALL

PEUGEOT RECALL NOTIFICATION

Dear Mr Fell-Crook

Registration Number: [REDACTED] **VIN Number:** VF33CRFN[REDACTED]
Reference: X8Z

Within the Peugeot quality programme it has been identified that it is necessary to reinforce the sealing of the electrical connection of the Power Assisted Steering system on your vehicle. Under certain conditions the repeated entry of salt water into this connection could cause short circuits which, **in extreme cases, may lead to the start of a fire in the engine compartment.**

This work will of course be completed free of charge.

Please contact your Dealer's service reception to make an appointment for the work to be carried out. Have this letter with you when making the call as it contains all the information they will require.

If you need any assistance in locating your nearest dealer, please call the Recall Helpline on 0118 9458484.

If you are no longer the owner of the vehicle, please complete and return the attached Change of Owner form using the reply paid envelope supplied.

This recall is being carried out under the Code of Practice for safety defects and will be monitored by the Vehicle and Operator Service Agency of the Department for Transport.

We apologise for any inconvenience caused and thank you for your co-operation.

Yours sincerely

BRIAN STEELE
Manager – Customer Care Centre
